

## Curriculum Vitae

**Name:** Qihong Xu

**Birthdate:** 11/26/61

**Birthplace:** Qingdao, P.R. China

**Sex:** Female

### Education:

- 1979-1983 B.Sc. (Biology), Qingdao Oceanography University, Qingdao, P.R. China  
1983-1986 M.Sc. (Developmental Biology), Institute of Oceanology, Academia Sinica, Beijing, P.R. China  
1991-1994 Ph.D. (Pharmaceutical Sciences), University of Tokyo, Japan

### Professional Experience:

- 1986-1988 Assistant, Department of Biology, Beijing Normal University, P.R. China  
1988-1989 Lecturer, Department of Biology, Beijing Normal University, P.R. China

### Publications:

1. Xu Q, Wu S (1990). Distribution of tropomyosin in ovarian eggs and mature unfertilized eggs of *Amphioxys*. *Oceanologia et Linnologia Sinica* [Chinese] 21, 399-403.
2. Wu Z, Zeng W, Xu Q, Li X, et al. (1990). Molecular cloning of highly repetitive DNA sequences from giant panda, *Ailuropoda melanoleuca*. *Chinese Science Bulletin* 5, 1115-1120.
3. Xu Q, Nakanishi T, Sekimizu K, Natori S (1994). Cloning and identification of testis-specific transcription elongation factor S-II. *J Biol Chem* 269, 3100-3103.
4. Xu Q, Nakanishi T, Kubo T, Natori S. Selective expression of transcription elongation factor S-IIT1. In preparation.
